FROM ARIZONA. George Hall has just eturned from Wallapai, Sacramento Disrict, Arizona, and from him we learn news of several old Piochers. E. Martin Smith has great faith in Sacramento District turning out well, and has been investing largely in the mines. He is now the owner of about 15,000 feet in the District. After purchasing the Little Tiger mine, and sinking on it 30 te.t, it apparently petered out; but South had faith and continued sinking, and at the depth of 90 feet he struck the vein again, where it was 6 feet wide, and the pay streak 85 per cent. silver. Biny M:tcuen is successfully engaged in teaming. Jaca Dolan has a saloon and is doing a fine business. W. G. Blakely, who is largely interested there, is in San Francisco, negotiating some sales. There are about 400 men in Sacramento District. Money is scarce at present, but the future prospects of the camp are good.

Wilson & Solomons, in Fulks & Mc-Alpin's saloon are in constant receipt of full supplies of news matter of all kinds from the East and West, and stationers of every variety they keep always on hand. They also make a specially of ei-gars and lobacco and their brands of these articles are not surpassed by any firm in town. For the accommodation of the reading public they also keep a fincirculating hibrary.

STREET IMPROVEMENTS -A. H. Eman nel, the Road Commissioner, has tor several days past been busily engaged in grading and fixing up our streets, so as to facilitate travel and transportation through them. Main street now has a much better appearance than it did a few weeks ago; still there is room for inprovement, and the Commissioner wilprovement, and the commission of the compel parties to remove the piles of dirt and garbage that have been permitted to accumulate near their residences and places of business.

TRAVEL. - Yesterday morning five of our business men left for San Francisco. via Hamilton, to purchase goods, that they may be able to supply the demands of our rapidly increasing population. The stages come in loaded with passengers, and carry away but few, who generally go on basiness, with the intention of soon returning. The Salt Lake City stage, for the last few days, has come in full of passengers and gone out empty. This route is reported improving.

A CIRCULATING LIBRARY affords a cheap means of obtaining good reading matter, and at a trifling expense. C. Weiderhold furnishes novels and standard works for 25 cents. He also keeps on hand stationery, eigars, tobacco and smokers' materials. His establishment is on Main street, opposite Mendow Valley. se8

LEW. FELSENTHAL, one of the delegates to the Republican State Convention, which meets at Reno on the 25th inst., will leave Pioche for that place on Sunday next. Lew, is identified with the last interests of Pioche, and will truly represent the Republicans of Lincoln county in the Convention.

ATTEND to your teeth; don't wait until they ache and then in language of regret save them. Go at once to Dr. Nichols, Main street, and avoid sleepless nights. Save your stock of patience and, what nature intended, your teeth. se8

THE WEATHER continues warm during the day-almost as much so as in the summer months-but the nights and mornings are cool and pleasant. The flies are now more gamerous and more troublesome than they were during the summer; but we hope to get rid of them early in October.

Curring & Co.'s California Canned Fruits, Jellies and Jams are far superior to all other brands. For sale by all firstclass grocers.

THE STATE VS. COURTNEY .- Yesterday morning Morgan Courtney was on the stand testifying in his own behalf. The statement he made was clear and to the point, and if corroborated by other testimony will go very far towards clearing him. We bardly think this case will run longer than to-night.

A pleasant hour may be passed at Clancy's Saloon, where all the papers are kept on file for the use of patrons. sell

There are two lines running between Pioche and Bullionville at present-Miller's and Hickox & Warren's. They leave this place for Bullionville in the morning and return in the evening about 5 o'clock. Miller's office is at Travis Brothers' stable, and Hickox & Warren's office is at Cook's stable, both on Meadow Valley street. Hickox & Warren also send an afternoon stage to Bullionville daily, which returns by 10 o'clock next morning. This makes three stages down and back every day. Men serving on the jury are conveyed from Bultionville to Proche in time for Court. Both stage ines are doing a good busin as in carry ing pass-ngers and freight, and the business is increasing daily. The bullion surpments to Pioche are all made through these lines, which of itself is quite an

NEW ELECTION LAW .- By chapter 712, United States Laws of 1871, says the Sacramento Union, the Congressional ballot is distinct from all others. As the old rul- was to place the name of the candidate for Congress on the State ticket, care should be taken that it is not done now. Remember, the Congressional ball t must be separate and distinet, thus:

CONGRESS. For Repres ntative in Congress, District -RICHARD BOE.

This is important and the committeemen should be careful to see that no mistake is made.

Unskilled labor is in pretty good demand just now, owing to the manis for loafing. The town is full of common laborers who wont work on any account. Wages average \$2.50 per day, so says the D nver N. w.
